NAME	SCHOOL	STATE	CLASS	POS	HT	WT	NOTES
Tyler Dysart	South Gibson	TN	2017	RB	5'11	180	Physical RB who did well during the 1v1 sessions in the passing game. Showed good vision in the Oklahoma drills. He was able to use his strength to break free from the LB's press coverage. Caught the ball well on short and deep passes during very rainy weather conditions. Good looking prospect on the hoof.
Darius Smith	Sequoyah	GA	2017	RB	5-9	185	Top 2 RB at the camp. Really started to shine during the 1v1 and 7v7 sessions - coming out of the backfield he's a smooth route runner. Caught the ball well on a rainy, windy weekend. Was able to use a jump cut during the Oklahoma drills and kept his feet moving.
Kinthead Dent	Manchester Academy	MS	2019	QB	6-3	165	Best QB at the camp as a freshman, he has good size with a strong, lean build. Strong arm and was able to cut the ball through the wind and the rain. Moved well in and out of the pocket and threw the ball well on the run.
Zak Acuff	Knoxville Christian Aca	TN	2021	QB	5-10	125	Young QB who despite his small frame really impressed in windy and rainy conditions. Had a strong arm for a young QB and was able to push the ball down the field. Took to coaching really well and was at front of line in all of the drills.
Destry DJ Stirgus	Benton	AR	2018	WR	6-1	160	Lean WR who has a nice frame to add muscle. Showed really well during all of the individual drills. Was able to use his length to get off of the press. Has a lot of potential.
Devin Boddie	Lausanne	TN	2019	WR	5-10	155	Crisp route runner that showed some good polish coming in and out of his breaks. Had good length despite his 5'10 frame. He can play in the outside or in the slot. Good in space after the catch and was able to make defenders miss during the 7v7 sessions.
Zane Moser	Midway	TN	2018	WR	5-6	150	Regular at FBU camps at a U.S. Army National Combine alum. Showed very good quickness and an ability to get off the press despite his small size. Caught the ball well and was a very high effort player. Has quickness after the catch and made defenders miss all weekend.
Bryce Evans	Center Hill	MS	2017	WR	5-8	155	One of the best route runners at the camp and was able to be one of the top WRs at the camp because of the combination of his hands and his route running. Dropped his hips and was able to use head fakes to keep DBs off balance.
Matthew Sanders	Hayden	AL	2017	OL	6-5	260	Huge OT prospect who was one of the top lineman at camp. Has a nice frame and long arms. Played with a good base during run drills and was able to get movement during the 1v 1 base blocking drills.
David Roberts	Marshall County	TN	2018	OL	6-3	230	Showed very well early in the camp but wasn't able to finish because of a knee injury. Has a solid frame to play G or C in a power run scheme. Has a nice hip roll and base while run blocking and took to coaching well.
Aaron Hess	Morristown-Hamblen West	TN	2018	OL	6-1	260	Interior OL who can play center or move to 1 tech on defense, Hess has a strong upper body and good strength. One of the more physical OL during the run blocking portion of the camp. Showed a good punch and was able to get movement at the point of attack.
Christopher Morris	Harding Academy	TN	2019	OL	6-2	230	Young OL prospect that has a very bright future. Projects as a OG right now but could grow into OT. Has long arms and plays with a really good base and bend.
Evan Craighead	Madison Academy	AL	2020	DB	6-1	175	Young DB with the long frame to grow into a hybrid S/LB at the next level. Was physical in press coverage and was able to use his length effectively. Needs to continue to work on bending his knees and getting in and out of his backpedal, but has a very bright future for a young player.
Vito Tisdale	Bowling Green	KY	2020	DB	6-1	190	Great looking 8th grader. Has FBS-level potential and could be a national recruit down the line. Played and excelled at both S and CB during 7v7. Had a handful of interceptions and possesses a nose for the football.

Ahmad Richardson	Cordova	TN	2017	DB	6-0	175	Best DB at the camp, who earned a All-American Combine invite. Physical in press defense and is able to stay in the hip pocket of the WR. Lined up at both S and CB and could play both at the next level also. Coach Dexter Jackson raved about his potential. Has really long arms and was able to reach in and deflect the football from WRs.
Theo Overton	Bryan Station	KY	2018	DB	5-10	160	CB who really stood out during the 7v7 sessions. Was solid in individual and also during the 1v1s, but had a handful of interceptions on Saturday and more on Sunday when the camp went live. He is smooth in the pack pedal, aggressive reading the QB and breaking on the football.
Calvin Blackford	Niceville	FL	2018	DB	5-7	135	Undersized CB who made up for it with his aggressiveness, change of direction and break on the football. In less than ideal field conditions he was still able to stay low and break on the football with no wasted motion. Coach Dexter Jackson spoke very highly of him and his ability to compete for the football.
Kenny Terry	Landmark Christian	GA	2017	DL	6-5	210	The best DL prospect at the camp. Has very good length and room to add weight to his frame. Shot his hands well and was able to use his long arms to get inside of the OL during the run blocking portions. Used his quick first step to rush the passer and was able to mix up his pass rush moves.
Zion Katina	Independence	TN	2018	DL	6-2	250	Interior DL prospect who can play NG, 1 tech or 3 tech. Plays low with a nice flat back when taking on OL. He was really strong during the run portion of the camp and was able to use his base and strength to stuff OL at the line of scrimmage.
Reynard Gwynn	Harding Academy	MS	2020	DL	6-1	181	Young DL who showed strong hands and an ability to anchor against bigger linemen. Has a pass rusher's build who could grow into an OLB or a rush end. Has a bunch of physical tools (length, quickness, strength) but needs to continue to learn technique and use all those tools during live reps.
Kendrick Talley	Louisville Central	KY	2017	LB	6-3	240	Big ILB who was solid in coverage. He was physical and was able to reroute WRs and RBs coming out of the backfield. FBU alumni who went to Top Gun in '15 and also the U.S. Army National Combine.
Jordan Lewis	Cass Tech	MI	2017	LB	6-2	230	LB with good size who also plays some DL for Cass Tech (MI). Did a really nice job of taking a leadership role on the field and directing the defense. Communicated formations and coverage to the other LBs and the secondary. Physical player who was able to stay in the hip pocket of the RBs. Good player.
