PLAYERONDEMAND LINK	FIRST	LAST	HIGH SCHOOL	ST	GRAD	POS	HT	WT	NOTES
http://www.playerondemand.com/Search.aspx/player/579021/	Bradley	Breckenridge	Junction City HS	KS	2017	DE	6'6	206	Breckenridge earned the Gatorade "G" Award as camp MVP. He has a tremendous frame but doesn't lack power although he is lean. Breckenridge could blossom into a real force at the next level with a college strength and nutrition program. His coaches really praised him for his ability to shoot his hands and overall ability to extend his long arms and keep blockers off his numbers.
http://www.playerondemand.com/Search.aspx/player/710324/	Samuel	Huckabee	Summit Christian Academy	MO	2017	QB	6'3	195	Huckabee was named the camp Leadership Award winner for the high school division. He was the most vocal and encouraging QB of the group and was praised for his leadership skills. Very coachable and has a strong desire to play college football. As a thrower, he has a clean throwing motion if not top-level overall arm strength. His accuracy, especially on short and intermediate throws, is very good. He appears to have a very bright future in football and beyond.
http://www.playerondemand.com/Search.aspx/player/710328/	Keilon	Hunter	Blue Valley North HS	KS	2017	DB	5'10	155	Hunter is an excellent athlete with a lot of upside. He is a very good punt returner and is also a good basketball player. Hunter continued to improve as the camp progressed in terms of picking up concepts and displaying better technique. He is a top-notch athlete who could emerge in his senior season.
http://www.playerondemand.com/Search.aspx/player/710329/	Mekhi	Bianchini	Bishop Heelan HS	IA	2017	QB	5'11	175	Bianchini is a really good athlete who is coming into his own as a quarterback. He's not the most polished passer but his arm strength is good. Bianchini started last season for one of the top Class 3A teams in Iowa and was very productive. He is definitely one to watch and should be in for a very big senior season.
http://www.playerondemand.com/Search.aspx/player/710330/	Brighton	Kelley	Francis Howell HS	MO	2017	RB	5'9	192	Kelley is a very strong and polished running back prospect. He was the most consistent running back in the group for all three days of drills. Kelley showed great hands and understanding of the passing game. Has a great balance and does a good job bouncing off of contact and running through arm tackles.
http://www.playerondemand.com/Search.aspx/player/710331/	Jordan	Murray	Summit Christian Academy	MO	2018	WR	6'3	196	Murray earned an invitation to the US Army National Combine. He is an under the radar prospect because he played at a very small school in 2015. He made quite an impression at camp. He is a strong and smooth-looking athlete with long arms and an impressive build. He showed the ability to high point the ball and also make strong catches away from his body and in traffic.

http://www.playerondemand.com/Search.aspx/player/579285/	Garrett	Lowry	Louisburg HS	KS	2018	OL	6'4	300	Lowry had the highest ceiling among all the offensive linemen at the camp. He has made good progress since I saw him last season as a freshman at FBU. He is a big kid without a lot of extra belly fat on him. Lowry was a player who made a lot of improvement from the start to the finish of the camp. He really took well to the coaching he received and the results showed.
http://www.playerondemand.com/Search.aspx/player/579174/	Brody	Flaming	Mill Valley HS	KS	2018	QB	6'2	200	Flaming was arguably the best QB at camp for the second straight year. He's very matured and solid physically. He has a great attitude and infectious personality. As a thrower, he was the most consistent of the group. Flaming throws a very accurate and catchable ball.
http://www.playerondemand.com/Search.aspx/player/710332/	Jacob	Mies	Blue Valley NW HS	KS	2018	OC	6'1	230	Mies was not the biggest O-lineman in camp but probably the most consistent and technically sound throughout the course of the weekend. He has a real strong base and does a good job keeping his feet moving through contact. Mies showed excellent ability to lock on to the defender, square his hips and move him.
http://www.playerondemand.com/Search.aspx/player/615777/	Dallas	Bell	New London HS	IA	2018	RB	5'10	170	Bell showed to be an excellent all-around athlete with really fine pass-catching skills. He ran good, crisp routes and had very few, if any, drops. Bell showed to be a very coachable player who is striving to reach his full potential as a football player. He has a good frame that could easily handle 10-20 more pounds. His only question mark is his straight-line speed.
http://www.playerondemand.com/Search.aspx/player/598528/	Marcus	Jones	Wyandotte HS	KS	2018	QB	5'10	175	Jones is somewhat of a diamond in the rough. He started for his high school team as a sophomore and had a good year without a lot of talent around him. As he continues to group and get exposed to coaching, he could emerge as a really good prospect. He is a very good athlete and has a nice, smooth throwing motion.
http://www.playerondemand.com/Search.aspx/player/579303/	Garrett	Borth	Baldwin City HS	KS	2018	DE	6'2	220	Borth was one of the most consistent defensive linemen in the high school group. He was praised by his coaches for his effort level and understanding of the game. Borth, an FBU alumni, showed a great deal of progress in his strength and overall development. His technique and hands usage were excellent.
http://www.playerondemand.com/Search.aspx/player/710334/	Damian	Sigers	Liberty North HS	MO	2018	TE	6'0	204	Sigers showed perhaps the best hands of any player working in the WR group at camp. He was not flashy but extremely consistent throughout the three days of drills.
http://www.playerondemand.com/Search.aspx/player/528769/	Kameron	Shepherd	Derby HS	KS	2018	OL	6'0	285	Shepherd is an OC/OG prospect with a really strong base. When he gets under the pads of the defensive lineman, he has the power to drive his man effectively. Shepherd has a really powerful lower body.
http://www.playerondemand.com/Search.aspx/player/710335/	John	Eldridge	Lee's Summit North HS	MO	2019	RB	5'8	165	Eldridge earned an invitation of the US Army National Combine. Once the light came on for him about midway through camp, he became one of the best -- if not the best -- player in the camp overall. When he is on, he has the ability to make the game look easy. He has excellent quickness and his cutting ability is top-notch. Is a very natural receiver.
http://www.playerondemand.com/Search.aspx/player/710336/	Derick (DJ)	Miller	John Burroughs School	MO	2019	DB	5'9	150	Miller also earned an invitation of the US Army National Combine. He was easily the top DB in camp and a great competitor. Miller plays with confidence and plays above his size. He showed tremendous coverage skills and ability to be in the correct position. His coaches praised him for his ability to pick up concepts and for his attitude.
http://www.playerondemand.com/Search.aspx/player/710337/	Joseph	Webb	Park Hill HS	MO	2019	WR	5'10	160	Webb has natural catching hands with a ton of ability as a receiver. He is very quick and really snaps in and out of his breaks.

http://www.playerondemand.com/Search.aspx/player/710339/	Marcos	Fisher	Dodge City HS	KS	2019	DL	6'1	195	Fisher is a technically sound and high-effort player. He's a good football player who showed toughness and desire throughout the camp. He was really excelled with the concept of pad level and leverage. As he continues to get bigger and stronger, he has a chance to develop into an excellent prospect as a D-linemen or possibly as a fullback.
http://www.playerondemand.com/Search.aspx/player/710340/	Isaiah	Foy	California HS	MO	2019	LB	5'8	175	Foy lacks ideal height for his position but was one of the fastest and most athletic linebackers at the camp. He showed pretty good instincts in coverage and 7-on-7 drills. Foy has an older brother who played Division II football and he has a good chance to also be a college prospect at that level.
http://www.playerondemand.com/Search.aspx/player/710341/	Matthew	Francis	Holy Family HS	CO	2019	QB	6'0	173	Francis was singled out by Coach Hocker as one of the more talented players in the group. He has a bit of a side arm throwing motion but he can get the ball out of his hands and spin it.
http://www.playerondemand.com/Search.aspx/player/710343/	Zach	Valentine	Eureka HS	MO	2020	RB	5'11	170	Valentine earned the Gatorade "G" Award for the youth division. He is a superb athlete with extreme confidence and self-awareness. He showed outstanding change of direction and quickness with great hands. His explosive ability is there and he was very elusive in the open field.
http://www.playerondemand.com/Search.aspx/player/710344/	Walker	Niver	Sperry HS	OK	2020	DE	6'1	220	Niver earned the camp Leadership Award for the youth division. He was a dominant force working with the other youth players, so much so that he was moved up to work 1-on-1's with the high school players in camp. He continued to set himself apart at the higher level. Niver did an outstanding job using his hands and getting off blockers.
http://www.playerondemand.com/Search.aspx/player/710345/	Jonathan	Wilson	Park Hill HS	MO	2020	DE	6'3	210	On the hoof, Wilson might have been the most impressive athlete at the camp. He has a huge frame and broad shoulders. Wilson looks more like a high school senior than an 8th grader. He worked out with the LB group but his future is more likely as a DE or even an interior lineman.
http://www.playerondemand.com/Search.aspx/player/710346/	Keyon	Mozee	Lee's Summit North HS	MO	2020	RB	5'5	136	Mozee is one to keep an eye on in the future. He still has a ton of more growing to do but there is no hiding the potential. He is an absolute stop-on-a-dime runner with great ability to accelerate. He is a confident player who makes it look easy. Mozee is the nephew of LS North head coach Jamar Mozee, who played RB at Oklahoma.
http://www.playerondemand.com/Search.aspx/player/710347/	Nelson	Pipes	Hallsville HS	MO	2020	DE	6'0	161	Pipes was one of the top players among a really good group of young DL at the camp. He is an aggressive player with a high skill level for getting off blocks. Pipes is one to watch as he develops physically.
http://www.playerondemand.com/Search.aspx/player/710348/	James	Gore	Staley HS	MO	2020	DT	6'0	265	Barrel-chested, wide-bodied young defensive tackle Gore worked out with the high school players during the camp despite only being an 8th grader. He showed great tenacity and desire to compete. Gore did not back down in any drill. He was always eager for his turn in 1-on-1s and took very well to the coaching he received.
http://www.playerondemand.com/Search.aspx/player/710349/	J. Michael	Sturdivant	Blue Valley Northwest HS	KS	2021	WR	5'7	120	Sturdivant is a player to keep any eye in the coming years. He was an FBU Youth All-American last season. He's a lean kid with a long, sleek build. His natural route-running and pass-catching skills were obvious after watching him through a few drills. Sturdivant is a smooth athlete and folks need to keep an eye on him in a few years.
